

No.	AÑO	PUBLICACIÓN
1	2023	Acceptance, Use, and Objective Understanding of Front Warning Labeling by Mexican Undergraduate Students
2	2023	Advances and challenges in the detection of academic stress and anxiety in the classroom: A literature review and recommendations
3	2023	Approaches to the Analysis of the Relationship between Maternal Anguish and Diet Quality in Mexican Schoolchildren during the COVID-19 Pandemic
4	2023	Asociación del consumo de alimentos con la aceptación, uso y comprensión-objetiva del etiquetado frontal de advertencia en jóvenes mexicanos: Association of food consumption ...
5	2023	Beckwith-Wiedemann Syndrome in a patient with full-term pregnancy, case report
6	2023	Biokinetics, radiopharmacokinetics and estimation of the absorbed dose in healthy organs due to Technetium-99m transported in the core and on the surface of reconstituted high ...
7	2023	Brainstem auditory-evoked responses among children afflicted by severely hypoxic CHD
8	2023	Changes in the autonomic cardiorespiratory activity in parturient women with severe and moderate features of preeclampsia
9	2023	Characterization of the absorption properties of 5 nm spherical gold nanoparticles functionalized with dodecanethiol and without functionalization with potential therapeutic ...
10	2023	Committees: XVII Mexican Symposium on Medical Physics 2022
11	2023	Correlation of Oxidant/Antioxidant Biomarkers with Sucrose Consumption in Women with Gestational Diabetes
12	2023	Decomposition of the absorption spectrum of irradiated EBT-XD films with 6 MV photon in lorentzian functions
13	2023	Depression as a predictor of sleep quality in health workers who faced the COVID-19 pandemic in Mexico
14	2023	Development and validation of a multivariable genotype-informed gestational diabetes prediction algorithm for clinical use in the Mexican population: insights into ...
15	2023	Educación y política ambiental para el uso de pesticidas en México; análisis y perspectivas para el año 2030.
16	2023	Enhancing classification of preterm-term birth using continuous wavelet transform and entropy-based methods of electrohysterogram signals
17	2023	Fabry-perot interference effects in the absorption spectrum of EBT3 radiochromic film irradiated with 6 MV x-ray radiation
18	2023	Feasibility study of an inexpensive densitometry system for radiochromic film dosimetry
19	2023	Genetic variability of the 16S rRNA gene of Nocardia brasiliensis, the most common causative agent of actinomycetoma in Latin America and the Caribbean
20	2023	Gut-joint axis: Gut dysbiosis can contribute to the onset of rheumatoid arthritis via multiple pathways
21	2023	Hydrated MoO₃ nanoparticles and α-MoO₃ nanosheets synthesis by fs laser irradiation
22	2023	Identification of halophilic bacteria tolerant to heavy metals
23	2023	Impact of emerging pollutants on a health triad: environment, animals and humans
24	2023	Importancia de la educación en salud en pacientes post-COVID-19 con respecto a las secuelas respiratorias con Fisioterapia.
25	2023	Induced Relaxation Enhances the Cardiorespiratory Dynamics in COVID-19 Survivors
26	2023	Medical physics education in Mexico: A gender approach based on the MSc graduate program at the autonomous University of the State of Mexico
27	2023	Multiscale asymmetry reveals changes in the maternal short-term heart rate dynamics of preeclamptic women during labor
28	2023	New bacterial species resistant to antibiotics, current situation
29	2023	On the prediction of premature births in Hispanic labour patients using uterine contractions, heart beat signals and prediction machines
30	2023	Preface: XVII Mexican Symposium on Medical Physics 2022
31	2023	Report of a case of liver rupture in preeclampsia and HELLP syndrome
32	2023	Retinoic Acid Receptor Responder Protein 2 and Intelectin-1 in Visceral Adipose Tissue from Pregnant Women with Gestational Diabetes Mellitus
33	2023	Social Awareness, the Main Dare for Environmental Health

34	2023	<u>Synthesis, characterization, in-vitro biological evaluation and theoretical studies of 1, 2, 3-triazoles derived from triclosan as difenoconazole analogues</u>
35	2023	<u>The Mediterranean diet: Unsaturated fatty acids and prevention of Alzheimer's disease</u>
36	2023	<u>Uterine activity modifies the response of the fetal autonomic nervous system at preterm active labor</u>
37	2023	<u>Vestibular prosthesis: from basic research to clinics</u>
38	2023	<u>Vitamin D and the Immunoinflammatory Process in COVID-19</u>
